 Inventory in Binders #23 RA

 Inventory File FC1

An additional inventory (in progress) is found in front part of one box of these records.

Most of these manuscripts were once a part of a series of scrapbooks assembled by John Farmer in the 1830s and entitled "State Papers" which is how they are referenced in the New Hampshire State Papers volumes. The scrapbooks were dissembled around 1978 and their documents were placed in this and other collections according to types of documents they are.
